## **7TH BELL**

The Brass/Percussion Class starts at 1:39. If you can attend this little performance, please try to be in the bandroom by 1:30. Please take into account that you need to sign in at the front desk.

The Woodwind class starts around 2:30. I would recommend that you would be here at around 2:25 pm and wait outside the bandroom in the hallway until the previous class is done. Then we can make a switch. Once again, take into account signing in at the front desk.

I realize that not all of you will be able to attend this event because of it being during school. It is the first time for this so I'll see how it works out. Please remember that their first concert is scheduled for the evening of Tuesday January 15, 2008.
