

finale²⁰¹²

Whether you're capturing the music of your imagination, or efficiently producing scores and parts, Finale will help you take your music further.

For more than 20 years, Finale has been the industry standard in music notation software, enabling composers, arrangers, musicians, teachers, students, and publishers to create, edit, audition, print, and publish musical scores.

Finale includes everything found in PrintMusic and much more.

Here are just some of the additional features found in Finale 2012:

- Create scores with an unlimited number of staves.
- More than 1,000 ready-made, customizable music education worksheets, flash cards, and pieces of repertoire.
- Linked Parts to dynamically update parts from score and score from parts.
- Built-in "Save as PDF" support for Windows and Macintosh.
- Unicode Text Support offering access to all the characters in your fonts.
- Create custom SmartMusic[®] accompaniment and assessment files. To learn more, visit www.smartmusic.com.
- Video Support – write for video and film with a seamlessly integrated video window.
- Amazing playback with more than 400 sounds from the maker of the acclaimed Garritan Personal Orchestra.
- Full support for all external sound libraries (VST/AU instruments and effects).
- TempoTap[®] – just tap to record your tempo changes.
- Design your own markings, which can be used for custom playback.
- Apply articulations throughout a score with just a few clicks.
- True multi-page editing.

- User-customizable Guitar and Bass Tablature.
- Create six-part harmonies automatically.
- Edit MIDI data.
- Detailed engraver control of all items, spacing, line thickness, size of items, secondary beaming breaks, etc.
- Finale's array of fonts include a wide variety of useful features, such as a handwritten appearance, note heads with note names, figured bass and harmonic analysis, or mallet symbols.
- Customizable user control of Human Playback[®] settings.
- Explode notes from a staff to create instant orchestration.
- More than 70 Plug-ins, which simplify common tasks, such as Check Range, Instant Piano Reduction, Smart Cue Notes, Chord Analysis, etc.
- User-friendly Help including a Quick Reference Guide and QuickStart Videos.
- Supports Windows[®] XP/Vista/Windows 7 (64-bit compatible) and Macintosh[®] OS X 10.5 and 10.6.

finale PrintMusic®

PrintMusic is easy to use and fun to learn. It is designed for those arrangers, composers, educators, worship directors, and performing musicians who don't require the advanced features in Finale.

PrintMusic includes these features:

(also included in Finale 2012)

- QuickStart Videos to help you get started.
- Score Setup Wizard starts you writing music quickly.
- Create scores of up to 24 staves and print individual parts from a score.
- Transpose to any key and for any instrument.
- Enter notes with your mouse, computer keyboard, or any MIDI device.
- Scan existing sheet music into PrintMusic and then edit the score.
- Import/export MIDI and MusicXML files.
- Add unlimited lyric verses.
- Save as an audio file (MP3, WAV, and AIFF).
- Easily enter percussion notation and chord symbols.
- Row-Loff marching percussion sounds.
- External sound library support (VST/AU Instruments and Effects).
- MicNotator® lets you enter music using a wind instrument and microphone.
- Automatic rehearsal marks.
- Import graphics and export your music into a word-processing program (JPG).
- Supports Windows XP/Vista/Windows 7 and Macintosh OS X 10.5 and 10.6.

Pricing:

Retail: \$119.95
5-User Lab Pack: \$300.00

finale SongWriter®

SongWriter is a low-cost, complete, basic notation program that is designed specifically for songwriters as the fast, easy way to create and print clearly notated sheet music.

SongWriter includes these features:

(also included in PrintMusic 2011 and Finale 2012)

- Create up to 8 staves of music.
- QuickStart Videos to help you get started.
- Score Setup Wizard starts you writing music quickly.
- Enter notes with your mouse, computer keyboard, or any MIDI device.
- Add multiple lyric verses.
- Transpose to any key and for any instrument.
- Standard Guitar and Bass Tablature (TAB) and chord symbols.
- Create 2- and 3-part harmonies automatically.
- Drum Grooves automate percussion notation.
- Human Playback® sounds like a real performance.
- Sound mixer for controlling volume and panning while listening.
- Save as an audio file (MP3, WAV, and AIFF).
- Opens, plays, and allows editing of any Finale-family file from version 2010 or earlier.
- Supports Windows XP/Vista/Windows 7 and Macintosh OS X 10.5 and 10.6.

Pricing:

Retail: \$49.95

finale Reader®

Easily share your music with friends and family at no cost. The Finale Reader is free, downloadable software that makes it easy for everyone to share music.

With the Finale Reader, you can:

- Open and view any Finale family or MusicXML file.
- Listen to the file by simply clicking "play."
- Print professional-quality sheet music.
